

*Walterscheid Australia Introduces
The New P800 Series PTO Shaft
for tractors up to 500HP*

The New Generation P800

Exclusive PTO Shaft for tractor capacities up to 500 HP

The advantages of the P 800 PTO Shaft:

- Specially developed for use in large tractors and heavy conditions
- Appropriate for tractor capacities from 250 HP to 500 HP
- New 60mm x 55mm – 28 spline shaft is used to suit the capacities and to minimize wear & tear of the bars.
- New design overrunning clutch to suit is also available.
- P 800 is easy to use and guarantees a high performance without any requirements of additional space
- Improved handling & just a minimum of maintenance required
- Full guard version for the implement side available
