## WALTERSCHEID – YOUR PARTNER ON THE TRACTOR REAR

Hydraulic toplinks with original Walterscheid hook. The lower link hooks are operated from the safety of the driver's seat, while hydraulic lateral stabilizers provide safe and comfortable work in difficult terrain - these are only a few milestones in the world of coupling technology developed by Walterscheid within the last 30 years.

The integration of Walterscheid Cramer GmbH is another highlight and a big step forward on our track to bring more convenience and safety into the agricultural industry. A wide range of coupling ladders including different inserts, allows Walterscheid to become a full service provider for high quality coupling systems for tractors and self propelled equipment. Focusing on safe and convenient coupling systems makes Walterscheid the right partner for Original Equipment Manufacturers and farmers.

Walterscheid - we take agriculture forward!
